

List of TI Calculator APPs

Concepts

- Various (see info for specific APP)

Overview

Many APPs and accessories are available for the TI handheld devices that increase the power and functionality of these devices.

Materials

- TI-84 Plus

Introduction

A large number of flash applications (APPs) have been written for the TI calculators. Complete descriptions and download instructions for each APP can be found at the <http://education.ti.com> web site. For the TI-84 Plus, these include the following:

- [Area Formulas \(Concept\)](#)
Reinforce and review area formulas.
Price: FREE
- [Catalog Help](#)
Provides easy access to calculator function information.
Price: FREE
- [CellSheet™](#)
Create spreadsheets on your TI-84 Plus and TI-84 Plus Silver Edition.
Price: –FREE
- [Conic Graphing](#)
Provides a simple way to graph the four conic shapes.
Price: FREE
- [CBL™ Chem/Bio](#)
Easy set-up of the original CBL™, and configured to run as a Flash Application.
Price: FREE
- [CBL™ Physics](#)
The popular physics program from Vernier® Software and Technology has been configured as an APP.
Price: FREE

- **[CBL™ Experiment Workbook](#)**
Popular Chem/Bio program now runs as a FLASH APP.
Price: FREE
- **[DataMate](#)**
Multipurpose data collection tool.
Price: FREE
- **[Decimal Defender \(Concept\)](#)**
Build understanding of number sense through exploration of decimal numbers.
Price: FREE
- **[Fundamental Topics in Science](#)**
Turns the TI-84 Plus into a science tutorial.
Price: FREE
- **[GeoMaster™](#)**
Take advantage of using dynamic geometric software on the TI-84.
Price: FREE
- **[Guess My Coefficients \(Concept\)](#)**
An entertaining way for students to learn how to identify the coefficients of a function from a graph.
Price: FREE
- **[Inequality Graphing](#)**
Graphing inequalities is made simple for the beginning or intermediate student.
Price: FREE
- **[Language Localization Apps](#)**
Change the language of the menus and commands in your TI-84 Plus.
Price: FREE
- **[Logic Ladder \(Concept\)](#)**
Develop logic and reasoning skills with two fun activities.
Price: FREE
- **[Math by Hand \(Concept\)](#)**
Reinforces how to perform algorithms for the four basic operations.
Price: FREE

- [**NoteFolio™ APP**](#)
Type notes in any class using the NoteFolio™ APP. NoteFolio Creator Software lets your TI calculator and your computer "talk" to each other.
Price: FREE
- [**Number Curiosities \(Concept\)**](#)
Explore the number line and learn new number facts.
Price: FREE
- [**Organizer**](#)
An electronic calendar, to-do list maker, and address book right at your fingertips!
Price: FREE
- [**Periodic Table**](#)
Access a graphical, electronic Periodic Table the moment you need it.
Price: FREE
- [**Polynomial Root Finder and Simultaneous Equation Solver**](#)
Extend TI-86 features to the TI-84 Plus.
Price: FREE
- [**Probability Simulation \(Concept\)**](#)
Explore probability theory with interactive animation.
Price: FREE
- [**Puzzle Pack**](#)
A collection of four games to challenge and entertain students while they learn.
Price: FREE
- [**Rational Number Rampage \(Concept\)**](#)
Three challenging games to help students learn representations of fractions, decimals, and percents.
Price: FREE
- [**Real World Math with the CBL™**](#)
Programs and data from the *Real-World Math with the CBL™* book now runs as an APP.
Price: FREE
- [**Science Tools**](#)
Perform unit conversions on the TI-84 Plus.
Price: FREE
- [**SimCalc MathWorlds by SimCalc Technologies LLC \(Sample Package Free\)**](#)
Interactive tools and animation to help the algebra and calculus student.
Price: FREE

- [**SMILE Mathematics \(Concept\)**](#)
Five fun games that reinforce math skills.
Price: FREE
- [**Solve It! \(Concept\)**](#)
Fill in missing numbers and operations to create true sentences.
Price: FREE
- [**Start-Up Customization**](#)
Customize and personalize your TI-84 Plus start-up screen.
Price: FREE
- [**StudyCards™**](#)
Review electronic flash cards.
Price: FREE
- [**StudyCards™ Creator Software**](#)
Create electronic flash cards.
Price: FREE
- [**TI TestGuard™**](#)
Allows teachers to either clear or disable* programs and applications and delete other data stored on students' calculators.
Price: FREE (available only to teachers).
- [**Topics in Algebra 1 \(Chapters 1-4\)**](#)
Explore topics in Algebra 1 with this simple tutorial.
Price: FREE
- [**Topics in Algebra 1 \(Chapter 5\)**](#)
Explore topics in Algebra 1 with this simple tutorial.
Price: FREE
- [**Transformation Graphing**](#)
Helps improve graphing comprehension.
Price: FREE
- [**What is My Angle? \(Concept\)**](#)
Improve comprehension of the measure of angles through real-world examples.
Price: FREE
- [**World Geography**](#)
Access longitude, latitude, area, climate information and more!
Price: FREE
