

Biomes of the North

Distance Learning Lesson

You and your students can experience the unique biomes of northern Alaska from the comfort of your own classroom! Speak live to a National Park Service ranger and discover the diversity of Alaska's habitats.

Created for 5-8th graders, 50 minutes in length

For more information or to schedule a session, call the education staff at (907) 459-3747 or email faplic_education@nps.gov
